Alex,

Happy New Year to you as well.
My two weeks off was good but flew by too quickly as usual.

As far as monthly invoices, yes I would be happy to share those with you.
So the invoices have a lag time of about 25 days.
So for instance I will not see December's invoice until around Jan. 25th and then January's invoice will come around February 25th, and so on.
If I have not sent you an update by the 30th of each month, feel free to drop me an email reminder.
Have a good weekend.

Dave

Subject: Monthly Invoice

Hi Dave,

Happy New Year! I hope you had a wonderful holiday. I wondered if now that ERG is beginning to charge to the STREAMS III contract for the PFAS Data Explorer tool support may I get monthly invoices so that I can track the burn rate on the contract? Let me know if that is possible.

Thanks,

Alex
